1 Refer to your local C.H.I. Dealer for exact color match. 2 Lower steel gauge [ga.] number indicates stronger steel. 3 Model number indicates design and window style. 4 Overlay boards are always white for a 2-tone design. 5 Extreme heat and sun exposure on black overlay doors may cause accelerated degradation of the overlay door and is not recommended for extreme heat and sun areas. Such exposure will be excluded from the product warranty. For additional details, contact your local C.H.I. dealer.

*Check with local a C.H.I. Dealer on availability in your area.

Section Detail

XPS composite overlay face boards are laminated to wood-grained steel sections using high performance adhesives, then factory finished in one or two-toned options.
